

ClinicalTrials.gov Search Results 06/24/2020

	Title	Status	Study Results	Conditions	Interventions	Locations
1	A Study to Evaluate AP-101 in Familial and Sporadic Amyotrophic Lateral Sclerosis (ALS)	Active, not recruiting	No Results Available	•Amyotrophic Lateral Sclerosis	•Drug: AP-101	•Kaye Edmonton Clinic, University of Alberta, Edmonton, Alberta, Canada •London Health Sciences Centre, University Hospital, London, Ontario, Canada •Sunnybrook Health Sciences Centre, Toronto, Toronto, Ontario, Canada •Montreal Neurological Institute & Hospital, Montréal, Quebec, Canada
2	Trial of Amivita in Amyotrophic Lateral Sclerosis	Unknown status	No Results Available	•Amyotrophic Lateral Sclerosis	•Drug: Amivita	•Wujing People's Hospital, Changzhou, Jiangsu, China
3	Amyotrophic Lateral Sclerosis: a New Paradigm	Completed	No Results Available	•Amyotrophic Lateral Sclerosis	•Genetic: ALS patients genetic characterization •Other: ALS patients epidemiological characterization	•Centro Hospitalar Tras-os-Montes e Alto Douro, Vila Real, Portugal
4	Safety and Tolerability of High Dose Biotin in Patients With Amyotrophic Lateral Sclerosis	Recruiting	No Results Available	•Amyotrophic Lateral Sclerosis	•Drug: Biotin •Drug: Placebo Oral Tablet	•American univeristy of Beirut medical center, Beirut, Lebanon
5	Rehabilitative Trial With tDCS in Amyotrophic Lateral Sclerosis	Completed	Has Results	•Amyotrophic Lateral Sclerosis	•Device: Anodal bilateral motor cortex and cathodal spinal tDCS •Device: Sham bilateral motor cortex and sham spinal tDCS	•AO Spedali Civili, Brescia, BS, Italy
6	A Registered Cohort Study on Amyotrophic Lateral Sclerosis	Recruiting	No Results Available	•Amyotrophic Lateral Sclerosis		•Department of Neurology, First Affiliated Hospital of Fujian Medical University, Fuzhou, Fujian, China
7	Trial of Safety, Tolerability and Efficacy of Trametinib (SNR1611) in Patients With Amyotrophic Lateral Sclerosis (ALS)	Recruiting	No Results Available	•Amyotrophic Lateral Sclerosis	•Drug: Trametinib (0.5 mg) •Drug: Trametinib (1 mg) •Drug: Trametinib (2 mg) •Drug: Riluzole (100 mg)	•Asan Medical Center, Seoul, Korea, Republic of •Korea University Anam Hospital, Seoul, Korea, Republic of •Samsung Medical Center, Seoul, Korea, Republic of •Severance Hospital, Yonsei University Health System, Seoul, Korea, Republic of
8	Exploratory Study of Biotelemetry in Amyotrophic Lateral Sclerosis	Completed	Has Results	•Amyotrophic Lateral Sclerosis	•Device: Faros Sensor (FS) and Lifesight Hub •Device: Fast Fix electrode patch •Procedure: Quantitative Measure of Speech (Core Phase Only)	•GSK Investigational Site, London, United Kingdom •GSK Investigational Site, Oxford, United Kingdom
9	The National Amyotrophic Lateral Sclerosis Registry	Recruiting	No Results Available	•Amyotrophic Lateral Sclerosis		•CDC, Atlanta, Georgia, United States
10	Compassionate Treatment : An Exploratory Clinical Trial to Assess Treatment of Amyotrophic Lateral Sclerosis	Completed	No Results Available	•Amyotrophic Lateral Sclerosis	•Procedure: Autologous Adipose-Tissue Derived Stem Cells	•China Medical University Beigang Hospital, Beigang, Yunlin, Taiwan
11	Study of Cognitive and Emotional Disorders in Amyotrophic Lateral Sclerosis	Unknown status	No Results Available	•Amyotrophic Lateral Sclerosis	•Other: MRI + 18FDG-PET + neuropsychological assessments ; 18FDG performed especially for the research	•University Hospital Center, Caen, France •University Hospital Center, Rouen, France
12	Repetitive Transcranial Magnetic Stimulation as Therapy for Apathy in Amyotrophic Lateral Sclerosis	Withdrawn	No Results Available	•Amyotrophic Lateral Sclerosis	•Device: rTMS	•Jagiellonian University Medical College, Department of Neurology, Kraków, Poland
13	Transcranial Static Magnetic Field Stimulation (tSMS) in Amyotrophic Lateral Sclerosis (ALS).	Recruiting	No Results Available	•Amyotrophic Lateral Sclerosis	•Device: tSMS •Device: sham tSMS	•Department of Neurology and Laboratory of Neuroscience, Istituto Auxologico Italiano, IRCCS, Milan, Italy •Neurology Unit, Campus Biomedico University, Rome, Italy

	Title	Status	Study Results	Conditions	Interventions	Locations
14	Colchicine for Amyotrophic Lateral Sclerosis	Recruiting	No Results Available	•Amyotrophic Lateral Sclerosis	•Drug: Colchicine 1 MG Oral Tablet •Drug: Placebo Oral Tablet	•Centro Sla, University of Bari, Bari, Italy •Centro Sla, Istituto Auxologico Italiano, University of Milano, Milano, Milano, Italy •Irccs Carlo Besta, Milano, Italy •Irccs St. Raffaele Institute of Milano, Milano, Italy •Centro Sla, Ospedale Civile S. Agostino Estense, A.O.U. Modena, Modena, Italy •Università della Campania Gianluigi Vanvitelli, Napoli, Italy •Centro Sla, Universita' Di Padova, Padova, Italy •Als Centre, "C. Mondino" National Neurological Institute, University of Pavia, Pavia, Italy •, Neuromuscular Omnicentre Centre, Rome, Catholic University, Rome, Roma, Italy •Centro Sla, Universita' Di Torino, Torino, Italy
15	Epidemiology and Genetics of the Amyotrophic Lateral Sclerosis in the French West Indies	Recruiting	No Results Available	•Amyotrophic Lateral Sclerosis	•Dietary Supplement: Blood sample and environmental survey	•Hospital University Center of Pointe-à-Pitre, Pointe-à-Pitre, Guadeloupe •Hospital University Center of Martinique, Fort-de-France, Martinique
16	In-situ Cytokines Expression in the CNS in Amyotrophic Lateral Sclerosis (ALS)	Completed	No Results Available	•Amyotrophic Lateral Sclerosis	•Other: in-situ cytokine expression	•CHU Brugmann, Brussels, Belgium
17	Virtual Task in Amyotrophic Lateral Sclerosis	Completed	No Results Available	•Amyotrophic Lateral Sclerosis	•Device: Acquisition on TouchScreen •Device: Acquisition on Kinect •Device: Acquisition on LeapMotion •Device: Acquisition on TouchScreen Control Group •Device: Acquisition on Kinect Control Group •Device: Acquisition on LeapMotion Control Group	•Escola de Artes,Ciencias e Humanidades da Universidade d Sao Paulo, Sao Paulo, Brazil
18	Muscular Biomarkers in Amyotrophic Lateral Sclerosis	Active, not recruiting	No Results Available	•Amyotrophic Lateral Sclerosis	•Other: Samples	•Service de chirurgie orthopédique et traumatologique, CHRU de TOURS, Tours, France •Service de Neurologie, CHRU de TOURS, Tours, France
19	HERV-K Suppression Using Antiretroviral Therapy in Volunteers With Amyotrophic Lateral Sclerosis (ALS)	Recruiting	No Results Available	•Amyotrophic Lateral Sclerosis	•Drug: Darunavir •Drug: Ritonavir •Drug: dolutegravir •Drug: Tenofovir alafenamide (TAF)	•National Institutes of Health Clinical Center, 9000 Rockville Pike, Bethesda, Maryland, United States
20	Repetitive Transcranial Magnetic Stimulation as Therapy for Depression in Amyotrophic Lateral Sclerosis	Withdrawn	No Results Available	•Amyotrophic Lateral Sclerosis	•Device: active repetitive transcranial magnetic stimulation •Device: sham repetitive transcranial magnetic stimulation	•Jagiellonian University Medical College, Department of Neurology, Kraków, Poland

	Title	Status	Study Results	Conditions	Interventions	Locations
21	A Study to Evaluate Efficacy, Safety and Tolerability of CK-2127107 in Patients With Amyotrophic Lateral Sclerosis (ALS)	Completed	No Results Available	•Amyotrophic Lateral Sclerosis	•Drug: CK-2127107 •Drug: Placebo	•St. Joseph's Hospital and Medical Center - Barrow Neurological Clinics, Phoenix, Arizona, United States •Cedars-Sinai Medical Center, Los Angeles, California, United States •University of California Irvine, Orange, California, United States •Forbes Norris MDA/ALS Research Center, San Francisco, California, United States •Stanford Hospital and Clinics, Stanford, California, United States •University of Colorado Hospital Anschutz Outpatient Pavilion, Aurora, Colorado, United States •Hospital for Special Care, New Britain, Connecticut, United States •George Washington University Medical Faculty Associates, Washington, District of Columbia, United States •University of Florida, Gainesville, Florida, United States •Mayo Clinic, Jacksonville, Florida, United States •and 54 more
22	Bioenergetics and Protein Metabolism in Sporadic Amyotrophic Lateral Sclerosis	Unknown status	No Results Available	•Sporadic Amyotrophic Lateral Sclerosis	•Other: Skin Biopsy	
23	Cell Therapy for Motor Neuron Disease/Amyotrophic Lateral Sclerosis	Withdrawn	No Results Available	•Amyotrophic Lateral Sclerosis	•Biological: Stem Cell	•Neurogen brain and spine institute, Navi Mumbai, Maharashtra, India
24	Influence of the Vitamin D Blood Levels on the Amyotrophic Lateral Sclerosis Phenotype	Completed	No Results Available	•Amyotrophic Lateral Sclerosis	•Procedure: Blood test	•UH Montpellier, Montpellier, France
25	Amyotrophic Lateral Sclerosis Web Based Patient Care Database: ALSConnection.Org	Completed	No Results Available	•Amyotrophic Lateral Sclerosis	•Behavioral: ALS Registry	•Forbes Norris MDA/ALS Center, San Francisco, California, United States
26	Registration Study of Amyotrophic Lateral Sclerosis (ALS) in Mainland China	Recruiting	No Results Available	•Amyotrophic Lateral Sclerosis		•Peking University Third Hospital, Beijing, Beijing, China
27	31P-MRS Imaging to Assess the Effects of CNM-Au8 on Impaired Neuronal Redox State in Amyotrophic Lateral Sclerosis (REPAIR-ALS)	Not yet recruiting	No Results Available	•Amyotrophic Lateral Sclerosis	•Drug: Gold Nanocrystals	•UT Southwestern, Dallas, Texas, United States
28	Quantitative Neuromuscular Ultrasonography in Amyotrophic Lateral Sclerosis (ALS)	Completed	No Results Available	•Amyotrophic Lateral Sclerosis		•Universidad Católica San Antonio de Murcia, Guadalupe, Murcia, Spain
29	Clenbuterol on Motor Function in Individuals With Amyotrophic Lateral Sclerosis	Recruiting	No Results Available	•Amyotrophic Lateral Sclerosis	•Drug: Clenbuterol	•Duke University Medical center, Durham, North Carolina, United States
30	Identification of Diagnostic And Prognostic Biomarkers From Amyotrophic Lateral Sclerosis (ALS) Skin and Adipose Samples	Completed	No Results Available	•Amyotrophic Lateral Sclerosis		•Carolinas Neuromuscular/ALS-MDA care Center, Charlotte, North Carolina, United States
31	Phase 3 Study of MCI-186 for Treatment of Amyotrophic Lateral Sclerosis	Completed	Has Results	•Amyotrophic Lateral Sclerosis (ALS)	•Drug: MCI-186 •Drug: Placebo •Drug: MCI-186 in open label phase	•Osaka, Japan
32	Biomarkers in Different Types of Amyotrophic Lateral Sclerosis (ALS) Patients Being Treated With Edaravone	Recruiting	No Results Available	•Amyotrophic Lateral Sclerosis	•Other: Sample Collection	•Loma Linda University, Loma Linda, California, United States
33	Safety and Tolerability Ultra-high-caloric Food Supplements in Amyotrophic Lateral Sclerosis (ALS)	Recruiting	No Results Available	•Amyotrophic Lateral Sclerosis	•Dietary Supplement: high-caloric fatty diet •Dietary Supplement: ultra-high-caloric fatty diet •Dietary Supplement: ultra-high-caloric carbohydrate-rich diet	•University of Ulm, Department of Neurology, Ulm, Baden-Wurttemberg, Germany
34	Pharyngeal Electrical Stimulation in Amyotrophic Lateral Sclerosis	Recruiting	No Results Available	•Amyotrophic Lateral Sclerosis	•Device: Pharyngeal Electrical Stimulation	•University of Ulm, Ulm, Germany

	Title	Status	Study Results	Conditions	Interventions	Locations
35	The Efficacy and Safety of Vitamin E Mixed Tocotrienols In Patients With Amyotrophic Lateral Sclerosis (ALS)	Recruiting	No Results Available	•Amyotrophic Lateral Sclerosis	•Dietary Supplement: Tocotrienols •Dietary Supplement: Placebo	•Clinical Investigation Centre (CIC), Kuala Lumpur, Malaysia
36	Effects of Nocturnal Non-invasive Ventilation in Patients With Amyotrophic Lateral Sclerosis	Completed	No Results Available	•Amyotrophic Lateral Sclerosis	•Device: non-invasive ventilation	•Peilin Lee, Taipei, Taiwan
37	Safety Study of VM202 to Treat Amyotrophic Lateral Sclerosis	Completed	No Results Available	•Amyotrophic Lateral Sclerosis	•Biological: VM202	•Northwestern University, Chicago, Illinois, United States
38	Fecal Microbiota Transplantation Effect on Amyotrophic Lateral Sclerosis Patients	Not yet recruiting	No Results Available	•Amyotrophic Lateral Sclerosis	•Biological: Fecal microbiota transplantation •Biological: Placebo	•Clinica Neurologica, Ospedale Clinicizzato "SS Annunziata", Chieti, Italy •Azienda Ospedaliero Universitaria Careggi, Firenze, Italy •Azienda Ospedaliero Universitaria di Modena, Modena, Italy •UO Neurofisiopatologia, Azienda Ospedaliera di Perugia, Perugia, Italy •Institute of Neurology, Policlinico Campus Bio-medico, Roma, Italy •NEuroMuscular Omnicentre Centre (NeMO), Fondazione Serena Onlus-Fondazione Policlinico A. Gemelli, Roma, Italy
39	Aerobic Exercise Training in Amyotrophic Lateral Sclerosis	Unknown status	No Results Available	•Amyotrophic Lateral Sclerosis	•Other: Aerobic exercise training •Other: Standard physical therapy (Stretching/Range-of-motion)	•Fondazione Salvatore Maugeri, IRCCS - Scientific Institute of Veruno, Veruno, Italy
40	A Study to Explore the Safety and Tolerability of Acthar in Patients With Amyotrophic Lateral Sclerosis	Completed	Has Results	•Amyotrophic Lateral Sclerosis	•Drug: Repository corticotropin injection	•Questcor Investigational Site, Birmingham, Alabama, United States •Questcor Investigational Site, Phoenix, Arizona, United States •Questcor Investigational Site, San Francisco, California, United States •Questcor Investigational Site, Stanford, California, United States •Questcor Investigational Site, Jacksonville, Florida, United States •Questcor Investigational Site, Miami, Florida, United States •Questcor Investigational Site, Tampa, Florida, United States •Questcor Investigational Site, Atlanta, Georgia, United States •Questcor Investigational Site, Kansas City, Kansas, United States •Questcor Investigational Site, Rochester, Minnesota, United States •and 7 more
41	Multidisciplinary Follow-up of Patients With Amyotrophic Lateral Sclerosis	Unknown status	No Results Available	•Amyotrophic Lateral Sclerosis	•Other: no intervention	•Geneva University Hospital, Geneva, Switzerland
42	Randomized, Double-blind, Safety and Efficacy of Recombinant Human Erythropoietin in Amyotrophic Lateral Sclerosis	Recruiting	No Results Available	•Amyotrophic Lateral Sclerosis	•Drug: recombinant human erythropoietin(rhEPO)	•Hanyang Medical Center, Seoul, Korea, Republic of
43	Optic Coherence Tomography in Patients With Amyotrophic Lateral Sclerosis	Unknown status	No Results Available	•Amyotrophic Lateral Sclerosis	•Diagnostic Test: Optic coherence tomography •Diagnostic Test: Pulmonary function test	
44	Amyotrophic Lateral Sclerosis Registry Rhineland-Palatinate	Completed	Has Results	•Amyotrophic Lateral Sclerosis		•Dept. of Neurology, Klinikum Ludwigshafen, Ludwigshafen, Germany
45	Perampanel Single Ascending Dose Transcranial Magnetic Stimulation Biomarker Study in Amyotrophic Lateral Sclerosis	Recruiting	No Results Available	•Amyotrophic Lateral Sclerosis	•Drug: Perampanel •Other: Placebo	•Mayo Clinic, Jacksonville, Florida, United States

	Title	Status	Study Results	Conditions	Interventions	Locations
46	Safety of Urate Elevation in Amyotrophic Lateral Sclerosis (ALS)	Completed	No Results Available	•Amyotrophic Lateral Sclerosis	•Drug: Inosine •Drug: Placebo	•Holy Cross Hospital, Fort Lauderdale, Florida, United States •Massachusetts General Hospital, Boston, Massachusetts, United States •University of Minnesota, Minneapolis, Minnesota, United States
47	Riluzole Oral Soluble Film Swallowing Safety in Amyotrophic Lateral Sclerosis	Terminated	No Results Available	•Amyotrophic Lateral Sclerosis	•Drug: Riluzole Oral Soluble film (ROSF) 50 mg	•University of Florida Center for Movement Disorders & Neuroscience, Gainesville, Florida, United States
48	Safety and Tolerability of Perampanel in Amyotrophic Lateral Sclerosis Patients	Recruiting	No Results Available	•Amyotrophic Lateral Sclerosis	•Drug: Fycompa	•Johnny S. Salameh, Beirut, Lebanon
49	Study to Evaluate DNL747 in Subjects With Amyotrophic Lateral Sclerosis	Active, not recruiting	No Results Available	•Amyotrophic Lateral Sclerosis	•Drug: DNL747 •Drug: Placebo	•Bioclinica, Orlando, Florida, United States •PRA Health Sciences, Salt Lake City, Utah, United States •CHDR, Leiden, South Holland, Netherlands
50	Therapeutic Treatment of Amyotrophic Lateral Sclerosis	Unknown status	No Results Available	•Amyotrophic Lateral Sclerosis	•Other: Biological: Cell-based therapy	
51	Study of Ozanezumab (GSK1223249) Versus Placebo in the Treatment of Amyotrophic Lateral Sclerosis	Completed	Has Results	•Amyotrophic Lateral Sclerosis	•Drug: Ozanezumab •Drug: Placebo	•GSK Investigational Site, Boston, Massachusetts, United States •GSK Investigational Site, Grand Rapids, Michigan, United States •GSK Investigational Site, Syracuse, New York, United States •GSK Investigational Site, Columbus, Ohio, United States •GSK Investigational Site, Randwick, New South Wales, Australia •GSK Investigational Site, Herston, Queensland, Australia •GSK Investigational Site, Leuven, Belgium •GSK Investigational Site, Calgary, Alberta, Canada •GSK Investigational Site, London, Ontario, Canada •GSK Investigational Site, Toronto, Ontario, Canada •and 25 more
52	Nebulized RNS60 for the Treatment of Amyotrophic Lateral Sclerosis	Not yet recruiting	No Results Available	•Amyotrophic Lateral Sclerosis	•Drug: RNS60 •Drug: Placebo	
53	Resting Energy Expenditure Equations in Amyotrophic Lateral Sclerosis, Creation of a ALS-specific Equation	Completed	No Results Available	•Amyotrophic Lateral Sclerosis	•Other: nutritional assesement	•CHU Llmoges, Limoges, France
54	A Study to Evaluate the Safety, Tolerability and Efficacy of ILB in Patients With Amyotrophic Lateral Sclerosis	Terminated	No Results Available	•Amyotrophic Lateral Sclerosis	•Drug: ILB	•Sahlgrenska University Hospital, Gothenburg, Sweden
55	A Study to Evaluate the Safety, Tolerability, Pharmacokinetics, and Pharmacodynamics of BIIB100 Administered Orally to Adults With Amyotrophic Lateral Sclerosis	Recruiting	No Results Available	•Amyotrophic Lateral Sclerosis	•Drug: BIIB100 •Drug: Placebo	•Barrow Neurological Institute, Phoenix, Arizona, United States •University of California San Diego Medical Center, San Diego, California, United States •Mayo Clinic Hospital, Jacksonville, Florida, United States •University of South Florida, Tampa, Florida, United States •Johns Hopkins University, Dept of Neurology, Baltimore, Maryland, United States •Research Site, Boston, Massachusetts, United States •Research Site, Saint Louis, Missouri, United States •Research Site, Lincoln, Nebraska, United States •Alliance for Multispecialty Research NOCCR/VRG, Knoxville, Tennessee, United States

	Title	Status	Study Results	Conditions	Interventions	Locations
56	Clinical Trial of SB-509 in Subjects With Amyotrophic Lateral Sclerosis (ALS)	Completed	No Results Available	•Amyotrophic Lateral Sclerosis	•Drug: SB-509	<ul style="list-style-type: none"> •Coordinated Clinical Research, La Jolla, California, United States •University of California, Irvine; MDA ALS and Neuromuscular Center,, Orange, California, United States •California Pacific Medical Center (CPMC), The Forbes Norris MDA/ALS Research Center, San Francisco, California, United States •The University of Kansas Medical Center (KU), Kansas City, Kansas, United States •Johns Hopkins University, Baltimore, Maryland, United States •Nerve and Muscle Center of Texas, Houston, Texas, United States
57	Effect of Lithium Carbonate in Patients With Amyotrophic Lateral Sclerosis	Completed	No Results Available	•Amyotrophic Lateral Sclerosis	•Drug: lithium	<ul style="list-style-type: none"> •Pitié-Salpêtrière Hospital, Paris, France
58	A Study to Assess the Safety, Tolerability, and Pharmacokinetics of BIIB078 in Adults With C9ORF72-Associated Amyotrophic Lateral Sclerosis	Active, not recruiting	No Results Available	•Amyotrophic Lateral Sclerosis	<ul style="list-style-type: none"> •Drug: BIIB078 •Drug: Placebo 	<ul style="list-style-type: none"> •Research Site, La Jolla, California, United States •Research Site, Los Angeles, California, United States •Research Site, Palo Alto, California, United States •Research Site, Jacksonville, Florida, United States •Research Site, Miami, Florida, United States •Research Site, Atlanta, Georgia, United States •Research Site, Baltimore, Maryland, United States •Research Site, Boston, Massachusetts, United States •Research Site, Saint Louis, Missouri, United States •Research Site, Lincoln, Nebraska, United States •and 10 more
59	Study of Rasagiline in Patients With Amyotrophic Lateral Sclerosis	Completed	No Results Available	•Amyotrophic Lateral Sclerosis	<ul style="list-style-type: none"> •Drug: Rasagiline •Drug: Placebo 	<ul style="list-style-type: none"> •Department of Neurology, University of Ulm, Ulm, Baden-Württemberg, Germany •Department of Neurology, Technische Universität München, Muenchen, Bayern, Germany •Department of Neurology, Universty of Regensburg, Regensburg, Bayern, Germany •Department of Neurology, University of Wuerzburg, Wuerzburg, Bayern, Germany •Department of Neurology, Deutsche Klinik für Diagnostik, Wiesbaden, Hessen, Germany •Department of Neurology, University of Rostock, Rostock, Mecklenburg-Vorpommern, Germany •Department of Neurology, University of Goettingen, Goettingen, Niedersachsen, Germany •Department of Neurology, Medical School Hannover, Hannover, Niedersachsen, Germany •Neurologische Universitätsklinik Bergmannsheil, Bochum, Nordrhein-Westfalen, Germany •Department of Neurology, Universty of Muenster, Muenster, Nordrhein-Westfalen, Germany •and 5 more
60	Conservative Iron Chelation as a Disease-modifying Strategy in Amyotrophic Lateral Sclerosis	Recruiting	No Results Available	•Amyotrophic Lateral Sclerosis	<ul style="list-style-type: none"> •Drug: Deferiprone •Drug: Placebo Oral Tablet 	<ul style="list-style-type: none"> •Hôpital Roger Salengro, CHU, Lille, France

	Title	Status	Study Results	Conditions	Interventions	Locations
61	A Long-term Extension Study of TCH346 and Placebo Administered Once Daily in Patients With Amyotrophic Lateral Sclerosis(ALS)	Completed	No Results Available	•Amyotrophic Lateral Sclerosis	•Drug: TCH346	•Novartis, East Hanover, New Jersey, United States
62	Extension Study of Talampanel for Amyotrophic Lateral Sclerosis (ALS)	Terminated	No Results Available	•Amyotrophic Lateral Sclerosis	•Drug: Talampanel	
63	Study of Acthar® Gel (Acthar) for Amyotrophic Lateral Sclerosis (ALS)	Terminated	No Results Available	•Amyotrophic Lateral Sclerosis	•Drug: Acthar •Drug: Placebo	<ul style="list-style-type: none"> •Neuromuscular Research Center, Phoenix, Arizona, United States •Mayo Clinic - Arizona, Scottsdale, Arizona, United States •University of California San Diego, La Jolla, California, United States •Loma Linda University Health System, Department of Neurology, Loma Linda, California, United States •Keck School of Medicine, University of Southern California, Los Angeles, California, United States •University of California Los Angeles, Los Angeles, California, United States •University of California Irvine Medical Center, Orange, California, United States •California Pacific Medical Center, San Francisco, California, United States •University of California San Francisco, San Francisco, California, United States •Colorado Springs Neurological Associates, Colorado Springs, Colorado, United States •and 59 more
64	Tongue Strength in Amyotrophic Lateral Sclerosis (ALS)	Unknown status	No Results Available	•Amyotrophic Lateral Sclerosis	•Device: medical device	•Service ORL Assistance Publique Hôpitaux de Marseille, Marseille, France
65	NeuRx Diaphragm Pacing System (DPS) Use in Amyotrophic Lateral Sclerosis (ALS)	Withdrawn	No Results Available	•Amyotrophic Lateral Sclerosis	•Device: NeuRx DPS	
66	Blood-Brain Barrier Opening Using MR-Guided Focused Ultrasound in Patients With Amyotrophic Lateral Sclerosis	Active, not recruiting	No Results Available	•Amyotrophic Lateral Sclerosis	•Device: Blood-Brain Barrier opening with MRgFUS	•Sunnybrook Health Sciences Centre, Toronto, Ontario, Canada
67	Transplantation of Autologous Peripheral Blood Mononuclear Cells for Amyotrophic Lateral Sclerosis	Completed	No Results Available	•Amyotrophic Lateral Sclerosis	•Biological: PBMC autotransplantation	•The First Affiliated Hospital of Dalian Medical University, Dalian, Liaoning, China

	Title	Status	Study Results	Conditions	Interventions	Locations
68	Accurate Screening Tools for Dysphagia in Amyotrophic Lateral Sclerosis (ALS)	Completed	No Results Available	•Amyotrophic Lateral Sclerosis	<ul style="list-style-type: none"> •Device: Micro Mouth Pressure Meter •Device: Iowa Oral Performance Instrument •Device: Electrical Impedance Myography •Drug: Capsaicin •Procedure: Videofluoroscopic Swallowing Study •Procedure: Pulmonary Function Testing •Other: Swallowing Related Quality of Life Questionnaire •Other: Functional Oral Intake Scale •Other: Amyotrophic Lateral Sclerosis Functional Rating Scale-Revised •Other: Eating Assessment Tool-10 •Other: Communicative Effectiveness Survey •Other: The Center for Neurologic Studies Bulbar Function Scale 	•University of Florida, Gainesville, Florida, United States
69	Autologous Bone Marrow Mesenchymal Stem Cells in the Treatment of Patients With Amyotrophic Lateral Sclerosis	Unknown status	No Results Available	•Amyotrophic Lateral Sclerosis	•Other: Biological: Cell-based therapy	
70	Respiratory Strength Training in Persons With Amyotrophic Lateral Sclerosis (ALS)	Completed	No Results Available	•Amyotrophic Lateral Sclerosis	<ul style="list-style-type: none"> •Device: PowerLung trainer •Device: Micro Mouth Pressure Meter •Procedure: Pulmonary Function Testing •Procedure: Videofluoroscopic swallowing study •Other: Swallowing Quality of Life Questionnaire •Device: Iowa Oral Pressure Instrument •Drug: Capsaicin 	•UF Health Shands, Gainesville, Florida, United States
71	Study of Gene Polymorphisms Involved in the Metabolism and Action of Vitamin D in Amyotrophic Lateral Sclerosis	Completed	No Results Available	•Amyotrophic Lateral Sclerosis		•CHU de Montpellier - Hôpital Gui de Chauliac, Montpellier Cedex 5, France
72	Efficacy and Safety of Plasma Exchange With Albutein® 5% in Patients With Amyotrophic Lateral Sclerosis	Completed	No Results Available	•Amyotrophic Lateral Sclerosis	•Biological: Albutein 5%	•Dartmouth-Hitchcock Medical Center, Lebanon, New Hampshire, United States
73	Biological Treatment of Amyotrophic Lateral Sclerosis	Unknown status	No Results Available	•Amyotrophic Lateral Sclerosis	<ul style="list-style-type: none"> •Other: Biological: Cell-based therapeutics •Other: Symptomatic treatment of ALS 	•Department of Neurology of Pomeranian Medical University in Szczecin, Szczecin, Poland
74	Safety/Efficacy Study for the Treatment of Amyotrophic Lateral Sclerosis	Suspended	No Results Available	•Amyotrophic Lateral Sclerosis	•Biological: autologous bone marrow-derived stem cells	•TCA Cellular Therapy, Covington, Louisiana, United States
75	Therapeutic Imaging Biomarkers for Amyotrophic Lateral Sclerosis	Terminated	No Results Available	•Amyotrophic Lateral Sclerosis	•Other: MRI	•University of Michigan Hospital, Ann Arbor, Michigan, United States
76	A Pilot Study of Inosine in Amyotrophic Lateral Sclerosis (ALS)	Completed	Has Results	•Amyotrophic Lateral Sclerosis	•Drug: Inosine	•Massachusetts General Hospital, Boston, Massachusetts, United States
77	Safety and Tolerability of Antiretroviral (Triumeq) in Patients With Amyotrophic Lateral Sclerosis (ALS).	Completed	No Results Available	•Amyotrophic Lateral Sclerosis	•Drug: Triumeq	<ul style="list-style-type: none"> •Macquarie Neurology, North Ryde, New South Wales, Australia •Westmead Hospital, Parramatta, New South Wales, Australia •Brain and Mind Centre, Sydney, New South Wales, Australia •Calvary Health Care Bethlehem, Caulfield South, Victoria, Australia
78	Prognostic Value of a Diaphragmatic Endurance Test in Patients With Amyotrophic Lateral Sclerosis	Recruiting	No Results Available	•ALS (Amyotrophic Lateral Sclerosis)	•Other: Diaphragmatic endurance test	•CHU de SAINT-ETIENNE, Saint-etienne, France

	Title	Status	Study Results	Conditions	Interventions	Locations
79	Cistanche Total Glycosides for Amyotrophic Lateral Sclerosis: A Randomized Control Trial (RCT) Study Assessing Clinical Response	Unknown status	No Results Available	•Amyotrophic Lateral Sclerosis	•Drug: Cistanche Total Glycosides	•Dongsheng Fan, MD; Liping Wang,MD, Beijing, Beijing, China
80	Food Supplement for the Treatment of Patients With Amyotrophic Lateral Sclerosis	Suspended	No Results Available	•Amyotrophic Lateral Sclerosis	•Drug: Spirit1	•Hacarmel Hospital, Haifa, Israel
81	Nighttime NIV Initiation in Amyotrophic Lateral Sclerosis in an Outpatient Setting	Completed	No Results Available	•Amyotrophic Lateral Sclerosis	•Procedure: Nighttime NIV initiation	
82	Autologous Mesenchymal Bone Marrow Stromal Cells Secreting Neurotrophic Factors (MSC-NTF), in Patients With Amyotrophic Lateral Sclerosis (ALS)	Completed	No Results Available	•Amyotrophic Lateral Sclerosis	•Biological: MSC_NTF cells transplantation by multiple intramuscular injections at 24 separate sites, in addition to a single intrathecal injection into the CSF	•Hadassah Medical Organization, Jerusalem, Israel
83	Growth Hormone in Amyotrophic Lateral Sclerosis	Completed	No Results Available	•Amyotrophic Lateral Sclerosis	•Drug: Growth Hormone (Somatropin) •Drug: Placebo	•Dipartimento di Scienze Neurologiche, Naples, Italy •Istituto Biostrutture e Bioimmagini, Consiglio Nazionale delle Ricerche, Naples, Italy
84	Efficacy and Safety of Plasma Exchange With Albumin in Patients With Amyotrophic Lateral Sclerosis	Completed	Has Results	•Amyotrophic Lateral Sclerosis	•Biological: Albumin	•Hospital Universitari Bellvitge, Hospitalet de Llobregat, Barcelona, Spain
85	Mexiletine in Sporadic Amyotrophic Lateral Sclerosis	Completed	Has Results	•Sporadic Amyotrophic Lateral Sclerosis	•Drug: Mexiletine •Drug: Placebo	•Barrow Neurological Institute, Phoenix, Arizona, United States •University of California, Irvine, Orange, California, United States •Augusta University, Augusta, Georgia, United States •Beth Israel Deaconess Medical Center, Boston, Massachusetts, United States •University of Michigan, Ann Arbor, Michigan, United States •Columbia Universtiy Medical Center, New York, New York, United States •Pennsylvania State Hershey Medical Center, Hershey, Pennsylvania, United States •University of Pittsburgh, Pittsburgh, Pennsylvania, United States •Medical University of South Carolina, Charleston, South Carolina, United States •University of Washington, Seattle, Washington, United States
86	Effect of Motor Rehabilitation Treatment on Amyotrophic Lateral Sclerosis (ALS)	Completed	No Results Available	•Amyotrophic Lateral Sclerosis	•Procedure: Standard motor rehabilitation treatment •Procedure: Intensive motor rehabilitation treatment	•Department of Neuroscience, S. Anna Hospital, Ferrara, Italy •Department of Neuroscience, S.Agostino-Estense Hospital, Modena, Italy •Department of Neuroscience, IRCCS Arcispedale Santa Maria Nuova, Reggio Emilia, Italy
87	Mesenchymal Stem Cell Injection in Amyotrophic Lateral Sclerosis	Withdrawn	No Results Available	•Amyotrophic Lateral Sclerosis	•Biological: mesenchymal stem cell	•Neurosciences Research Center, Isfahan, Iran, Islamic Republic of
88	Stem Cell Therapy for Amyotrophic Lateral Sclerosis	Withdrawn	No Results Available	•Amyotrophic Lateral Sclerosis	•Biological: Stem cell	•Neurogen brain and spine institute, Mumbai, Maharashtra, India

	Title	Status	Study Results	Conditions	Interventions	Locations
89	A Study of GDC-0134 to Determine Initial Safety, Tolerability, and Pharmacokinetic Parameters in Participants With Amyotrophic Lateral Sclerosis	Active, not recruiting	No Results Available	•Amyotrophic Lateral Sclerosis	<ul style="list-style-type: none"> •Drug: GDC-0134 •Drug: Placebo •Drug: Rabeprazole •Drug: Midazolam •Drug: Caffeine 	<ul style="list-style-type: none"> •Forbes Norris Mda/als Ctr; Research Center, San Francisco, California, United States •Mayo Clinic Hospital - Florida, Jacksonville, Florida, United States •University of Miami Miller School of Medicine, Miami, Florida, United States •The Emory ALS Clinic, Atlanta, Georgia, United States •Johns Hopkins University School of Medicine, Baltimore, Maryland, United States •Massachusetts General Hospital, Boston, Massachusetts, United States •Wake Research Associates, Raleigh, North Carolina, United States •New Orleans Center for Clinical Research, Knoxville, Tennessee, United States •MUCH - Montreal Neurological Institute & Hospital, Montreal, Quebec, Canada •UMC Utrecht, Utrecht, Netherlands
90	Imaging and BioFluid Biomarkers in Amyotrophic Lateral Sclerosis	Completed	No Results Available	•Amyotrophic Lateral Sclerosis (ALS)	•Drug: [18F] GE-180	<ul style="list-style-type: none"> •Massachusetts General Hospital, Boston, Massachusetts, United States •Houston Methodist Hospital, Houston, Texas, United States
91	Safety and Efficacy Study of NP001 in Patients With Amyotrophic Lateral Sclerosis (ALS) and Systemic Inflammation	Completed	No Results Available	•Amyotrophic Lateral Sclerosis	<ul style="list-style-type: none"> •Drug: NP001 •Drug: Placebo 	<ul style="list-style-type: none"> •St. Joseph's Hospital and Medical Center - Barrow Neurology Clinics, Phoenix, Arizona, United States •Mayo Clinic Arizona, Scottsdale, Arizona, United States •Cedars-Sinai Medical Center, Los Angeles, California, United States •University of California, Irvine, Department of Neurology, Orange, California, United States •Forbes Norris MDA/ALS Research Center, CPMC, San Francisco, California, United States •Mayo Clinic Florida, Jacksonville, Florida, United States •University of Miami Miller School of Medicine, Miami, Florida, United States •Emory University, Department of Neurology, Atlanta, Georgia, United States •University of Kansas Medical Center, Kansas City, Kansas, United States •University of Kentucky, Albert B. Chandler Medical Center, Lexington, Kentucky, United States •and 12 more
92	Clinical Trial on The Use of Autologous Bone Marrow Stem Cells in Amyotrophic Lateral Sclerosis (Extension CMN/ELA)	Completed	No Results Available	•Amyotrophic Lateral Sclerosis	<ul style="list-style-type: none"> •Procedure: Laminectomy and bone marrow stem cells transplantation •Procedure: Intrathecal infusion of autologous bone marrow stem cells •Procedure: Intrathecal infusion of placebo (saline solution). 	<ul style="list-style-type: none"> •Hospital Universitario Virgen de la Arrixaca, El Palmar, Murcia, Spain

	Title	Status	Study Results	Conditions	Interventions	Locations
93	An Efficacy, Safety, Tolerability, Pharmacokinetics and Pharmacodynamics Study of BIIB067 in Adults With Inherited Amyotrophic Lateral Sclerosis (ALS)	Recruiting	No Results Available	•Amyotrophic Lateral Sclerosis	•Drug: BIIB067 •Other: Placebo	<ul style="list-style-type: none"> •Barrow Neurological Institute, Phoenix, Arizona, United States •University of California San Diego Medical Center, La Jolla, California, United States •California Pacific Medical Center, San Francisco, California, United States •Mayo Clinic in Florida, Jacksonville, Florida, United States •University of Miami School of Medicine, Miami, Florida, United States •Bioclinica Research, Orlando, Florida, United States •Emory University Hospital, Atlanta, Georgia, United States •Johns Hopkins University, Baltimore, Maryland, United States •Massachusetts General Hospital, Boston, Massachusetts, United States •Henry Ford Hospital, Detroit, Michigan, United States •and 21 more
94	Immuno-modulation in Amyotrophic Lateral Sclerosis- a Phase II Study of Safety and Activity of Low Dose Interleukin-2	Completed	No Results Available	•Amyotrophic Lateral Sclerosis	•Drug: Placebo •Drug: 1.0 MIU IL-2 per day •Drug: 2.0 MIU IL-2 per day	•CHRU de Montpellier - Hôpital Gui de Chauliac, Montpellier, France
95	Gilenya in Amyotrophic Lateral Sclerosis (ALS)	Completed	Has Results	•Amyotrophic Lateral Sclerosis	•Drug: Gilenya •Other: Placebo	<ul style="list-style-type: none"> •University of California, Irvine, Orange, California, United States •Georgia Regents University, Augusta, Georgia, United States •Massachusetts General Hospital, Boston, Massachusetts, United States •Methodist Neurological Institute, Houston, Texas, United States
96	Therapeutic Nanocatalysis to Slow Disease Progression of Amyotrophic Lateral Sclerosis (ALS)	Recruiting	No Results Available	•Amyotrophic Lateral Sclerosis	•Drug: CNM-Au8 •Drug: Placebo	<ul style="list-style-type: none"> •University of Sydney Brain and Mind Centre, Sydney, New South Wales, Australia •Westmead Hospital, Sydney, New South Wales, Australia
97	PRE-Symptomatic Studies in Amyotrophic Lateral Sclerosis	Active, not recruiting	No Results Available	•Amyotrophic Lateral Sclerosis		•University of Miami, Miami, Florida, United States
98	Safety and Efficacy Study of Creatine and Tamoxifen in Volunteers With Amyotrophic Lateral Sclerosis (ALS)	Completed	Has Results	•Amyotrophic Lateral Sclerosis	•Drug: creatine •Drug: tamoxifen	<ul style="list-style-type: none"> •University of Kansas Medical Center, Kansas City, Kansas, United States •Massachusetts General Hospital, Boston, Massachusetts, United States •University of Massachusetts Medical Center, Worcester, Massachusetts, United States •Washington University at St. Louis, St. Louis, Missouri, United States •SUNY Upstate Medical University, Syracuse, New York, United States •Carolinas Medical Center, Charlotte, North Carolina, United States •Pennsylvania State University, Hershey Medical Center, Hershey, Pennsylvania, United States •University of Washington Medical Center, Seattle, Washington, United States •Medical College of Wisconsin, Milwaukee, Wisconsin, United States
99	Cervical Spinal Cord Metabolism and Microstructure in Amyotrophic Lateral Sclerosis(ALS)	Terminated	No Results Available	•Amyotrophic Lateral Sclerosis	•Other: MRI •Other: Clinical Exam	•University of Michigan Hospital, Ann Arbor, Michigan, United States

	Title	Status	Study Results	Conditions	Interventions	Locations
100	G-CSF Treatment for Amyotrophic Lateral Sclerosis: A RCT Study Assessing Clinical Response	Completed	No Results Available	•Amyotrophic Lateral Sclerosis	•Drug: Granulocyte Colony Stimulating Factor •Drug: NS	•Dongsheng Fan, Beijing, Beijing, China

593 additional studies not shown
