

CANADIAN WILDLIFE  
FEDERATION

# I Wish all animals had safe homes to live in.

You've helped make a wildlife wish come true!

The Canadian Wildlife Federation is so grateful for your support. Canadian forests and farmlands play key roles for our communities, our economy and our wildlife. The health of the majority of Canada's wildlife depends on conservation actions taken in our forests, fields and farmlands. Your donation will support CWF's fields and forest programming initiatives, right here in Canada.
