

FRED HUTCH

# CLIMB TO FIGHT CANCER

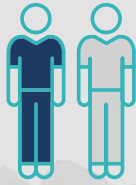

Seattle's **Fred Hutchinson Cancer Research Center** has been at the forefront in the fight against cancer, one of humanity's biggest health challenges, for decades. Unique opportunities like Fred Hutch's Climb to Fight Cancer offer hope for those who've been affected by cancer.

Ordinary people climbing mountains for one extraordinary cause: fighting cancer

TOO MANY U.S. MEN AND WOMEN WILL BE DIAGNOSED WITH CANCER IN THEIR LIFETIME:

1 IN 3 WOMEN

1 IN 2 MEN

Ascend some of the world's most breathtaking peaks and change these odds.

## EVEREST

## Make a difference

Contributions from individuals, corporations and private foundations fund critical areas of need that may otherwise go unsupported.

### DONATIONS DIRECTLY SUPPORT:

- Early-stage ideas and innovative studies that **push the boundaries of science**, but for which federal funding is not yet available.
- Researchers' ability to **react quickly** and tackle promising research leads.
- Technology, facilities and other resources enabling our **investigators to work collaboratively and efficiently**.
- **Fred Hutchinson Cancer Research Center's** ability to save lives.

## Over the past 20 years

1,000 CLIMBERS

\$8.3 MILLION
