The Society of Memorial Sloan Kettering Cancer Center, founded in 1946, is a volunteer led organization within MSK dedicated to promoting the well-being of patients, supporting cancer research, and providing public education on the early prevention, detection, and treatment of cancer.

As the world's oldest and largest private cancer center, MSK has devoted more than a century to advancing the prevention, diagnosis and treatment of cancer. With a passionate commitment to exceptional patient care, cutting-edge research, and superb educational programs, MSK has earned the distinction as one of the premier cancer centers worldwide.
