Mindfulness Week

Encourage the entire school to incorporate mindfulness activities into classes throughout the week. Examples include:

- Start each day with a school-wide minute of meditation.
- Encourage all teachers to create a space in their classroom where students can take a mindfulness break by coloring, using a stress ball, doing a few stretching poses, following instructions for better breathing, etc.
- Play calming music in each classroom during individual work time. [Try list playlist.](#)
- Introduce stretching breaks to each class where teachers lead students in different poses.

health. moves. minds.® Family Night

Use the health. moves. minds. Station Card Template to create an event where students and their families can participate in a variety of activities focused on mindfulness, kindness, and physical activity.

Zen Night

Host a family night where students and their families engage in mindfulness activities such as meditation, better breathing, yoga, etc. while playing calm music.

Kindness Week Challenges

Hold a school-wide challenge that encourages students to be kind to one another. Teachers will place a small token in the classroom's "bucket" each time they notice a student being kind. The class with the most tokens is named the "Kindest Class in the School." You can opt to do this without the competition piece.

Send a Kind Message Day

Students take time to write kind messages to other students, teachers, friends or family members. This can be a stand-alone activity or incorporated into another event.
