

Join us as we build a kinder, healthier future for our nation's youth.

The health. moves. minds.[®] FUNdraiser helps all kids thrive physically and emotionally. Students learn that taking care of their mind and body, while also being kind, will help them live their best life.

Our health. moves. minds. FUNdraiser will help us raise money for needed health and PE equipment and resources. We will work as a team toward a goal, learn how to ask for something and show gratitude, and feel empowered as we help others and build a healthier school community.
