

Unplugging Challenge

Tips for a Successful Day of Unplugging

Do you DARE to unplug? The "unplugging challenge" is a 24-hour break from technology. Since we often use our phones and computers to find resources, your day of unplugging might take some planning. Here is a guide to get you started.

PREPARE IN ADVANCE

Create a to-do list of things you would like to do on the day you unplug.

Check out our Unplugging To-Do List.

PLAN OUT YOUR DAY

What will you do in the morning, afternoon and evening? Is there anyone else unplugging with you? Are there things you can do together?

Check out our planner sheet below.

DETERMINE RESOURCES

If you want to make a recipe make sure to print the recipe out or write it down. If you plan to workout plan out what exercises you want to do.

Avoid working from the couch or bed - when it is time to relax your brain might find it hard to shut off work thoughts.

REFLECT

Reflect on your 24-hours of unplugging. What did you like? What surprised you?

Try our reflection sheet below to get your started.

Planner Sheet with Mood Tracker

Use this planner sheet to plan your day while you unplug!
 In the **Activity** column put the activities you plan to do. Be sure to consider how long you think they will take, 3-4 activities for each time of day is a good place to start. In the **Resources Needed** column write down what you will need to complete that activity like. While you unplug you can use the **Mood** column to track your mood.

Unplugging Challenge Reflection

Congratulations! By now you've completed a full 24-hours without technology and that's not an easy task. Let's take a moment to reflect on your last 24-hours without technology. Answer the following questions on this sheet, on a separate sheet or in a journal.

1. How did you feel now that you were able to unplug?
2. What were the highs and lows of your day?
3. If you tracked your mood, is there anything you noticed about your moods throughout the day?
4. Did you learn anything new?
5. Would you do this again? Why or why not.
6. How can you be more mindful of your technology use? Are there ways you can "unplug" more often?
