

LEADING US FORWARD

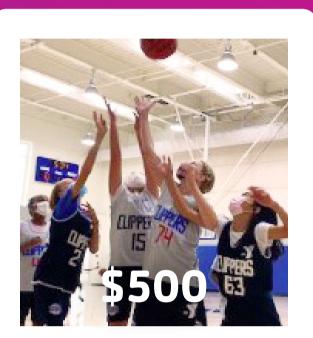

Together we make possible happen at the North Valley Family YMCA every day. The Y gives people across the Northern San Fernando Valley—from infancy throughout active older adulthood—the opportunities and tools to achieve their potential and lead us all forward.

"The Y holds a really special place in my heart. It's where my son and daughter and I connect with community. As a kid I learned to swim at the Y and trained as a lifeguard. We're at the Y six days out of seven. To us, the Y means family, health, and growth." — Hajnal M-S.

"Youth & Government taught me about community advocacy and about the importance of stepping up to improve our daily lives."

— Jaren S., age 18

"I came to the Y looking for an opportunity to give back to my community for a few hours a week. I found a second home. The Y allowed me to build relationships with the people that walk through the doors of our Y. The family feel keeps me inspired." — Kellie J.
